ANOTHER WELCOME IMPROVEMENT

On Saturday, July 27, a sign for our library was installed on the grassy area near L'anse Creuse Road between our building and the township offices.

Nicholas Lukas, an Eagle Scout candidate, has been working on the sign as a community project since last summer. He had to organize fundraisers for the building materials, meet with city officials for proper guidelines, fill out the proper paperwork and then build the sign. We thank Nicholas for leading his scout troop in creating this generous gift to our library and the community.

The top photo on the right shows Nicholas and his fellow troop members. The middle photo shows Library Director Melissa Goins with Nick. The bottom photo includes some of the grateful well wishers and supporters.
